Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I spread fur EVERYWHERE!

Please share your adoption story

I was taken from my momma too soon and the people who took me were not caring for me so I was taken from my first humans. I was only 4 weeks old. Someone took me and put me in my human's lap and the rest was history. She couldn't say no to me.

What is your favourite thing to play with?

Feathers

What kind of food do you like to eat?

All kinds but my human says I have an allergy so she tries to feed me healthy crap!

Do you like going for car rides?

No

What is your favourite cartoon character?

Bugs bunny. That is who I am named after.

If you drove a car, what make, model and colour would it be and why?

A black Mini Cooper. It would match my gorgeous orange floof.

Do you have a theme song? What is it?

No.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Two. They are both princesses. I pretend to like them but I'm not really sure if I do. One is new and I get more scratches and snuggles sincerely she got here and I am the only boy. I don't want them to apply to the bitty space program but my human says they can if they want to. They are Chloe and Sassy Pants.

What is the name of your human sponsor or sponsors?

Human.

What type of position are you applying for? What special skills do you think we could use for our program?

I will do whatever I am asked to. I'm not too picky.

Signed:
