Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I like to help Mama with the crocheting. She has yarn and stuff, and I help her organize it and keep things neat so she doesn't get confused. I'm quite good at it.

What is the funniest thing that has ever happened to you?

When I first came home I was super scared and so I went and hid in the bottom of a chair. We had only been home for about a half hour. Meowmy and Mama and grandma looked everywhere for me. They flipped over chairs and were really worried I had climbed into the couch that has the bed in it. They didn't want to pull it out cuz they worried they would squish me. Finally they let Nellie, Timmy and Mo out and Bean came right to the chair where I was hiding cuz she knewed where I was. Mama and Meowmy looked but I had dug my way so far into the inside that they couldn't get me and I got so stuck. I couldn't move up or down or sideways. Finally mama had to get big scissors and cut the chair into pieces in order to get me out. They were super happy to see me, even though the chair had to die.

Please share your adoption story

I came home with Timmy, Momo and Bean. I was very very scared for the first two days because even though I am really big, I have a gentle heart and meowmy says that she worries that the smallest thing can be soul destroying for me. So for the first two days me and Nellie hid under the table a lot. And then we figured out that this is the best place ever!

Bitty Space Program

"Where imagination meets ingenuity"

What is your favourite thing to play with?

Orange toys. Myself. The carpet. Balls.

What kind of food do you like to eat?

Cookies mostly. But kibble and wet food too.

Do you like going for car rides?

Not really. I get scared.

What is your favourite cartoon character?

Pooh Bear cuz he is wise and gentle like me

If you drove a car, what make, model and colour would it be and why?

A brown station wagon Volvo. They are very safe you know.

Do you have a theme song? What is it?

Hey Larry, hey Larry, it's your birthday, it's your birthday! (Every day, even though every day isn't my birthday)

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Timmy is the most awesome. He is a hero and I am his sidekick. I follow him all over and he is the Commander of the Space Program and my bestest friend ever. I think he is the best. I also have Momo who is very smart and steals cookies. And Bean who is my favourite to snuggle with.

What is the name of your human sponsor or sponsors?

Mama and meowmy

What type of position are you applying for? What special skills do you think we could use for our program?

I am Lieutenant. I am good at lots of stuff, but I think evasive tactics and quick dinners are my best strengths.

What else do we need to know about you?

I can only go to space if Timbit, Beans and Momo are going to. I don't go anywheres without them. I'm kind of scared, but I can't stay home without them either. I will help make sure we are safe and have proper inventory.

Signed:  _____
