<input type="checkbox"/> Escaping	<input type="checkbox"/> Stomping on humans	
<input checked="" type="checkbox"/> Catnip		

Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I'm really good helping my Mom feed me. I race down the stairs, snuggling with each banister while waiting for her to catch up. Then I chatter to the her splaining what I want for meal time walking in and around her feet's so she doesn't get distracted from the important job.

What is the funniest thing that has ever happened to you?

Recently my Mom had the windows open about 5". I was crazy happy! From about 9:30 to 1:30 I leaped about the house racing from window to window. It was amazing! The birds were so loud and clear, the air was so fresh and invigorating. My Mom thought someone slipped me some drugs. I was out of control with joy and excitement. Then I jumped down from the window to the floor and was deciding which window to go to next when I feel sound asleep. Mom said I was out like a light for hours, I think that's a good thing.

Please share your adoption story

I was surrender at the Northeast Animal Shelter. My Mom was there looking for a new baby and I chatted her up so she wouldn't see any of the other kits up for adoption. I decided she would be my Mom and just needed to make her see it too. I was born with a bad front left paw that is missing a bone, but it doesn't stop me from doing, or trying to do, anything I want.

Bitty Space Program

"Where imagination meets ingenuity"

My original owners called me Gimpy which makes my Mom mad. The shelter changed my name to Two Paws, but I got 4 so Mom said I'd get a new name. By the end of the week I was Monkey cuz I got the inquisitive personality, I love mischief and I have a really long tail that curls just like a Monkey's. I've been with my new Mom for about 8 months and I really love it here.

What is your favourite thing to play with?

What isn't? Really! I'll make a toy out of anything! Decorative keys on the wall? I'll slay them! A piece of paper - let me shred it! Mom's embroidery thread - actually she doesn't let me play with that. Piggy bank knocked on the floor becomes millions of little toys that slide are hardwood really good! While I'm playing with something it is my favorite.

What kind of food do you like to eat?

Moist pate is my favoritiest food of all! I would do almost anything for almost anyone for a can of pate. I do enjoy my evening kibble when I might get Nutrish or Fancy Feast. Honestly, I don't discriminate, I love all food!

Do you like going for car rides?

Well, I haven't been on a lot of rides with my Mom so far. Just the ride home and then a trip to Dr. Heckerling (he thinks I'm awesome too!). I did good in the car, I chatted my Mom up a bit, stayed in my carrier and didn't get car sick. I think I can handle space flight!

What is your favourite cartoon character?

I don't watch cartoon's but my Mom thinks I'm like Goofy. I'm really good natured, friendly as can be and I never give up.

If you drove a car, what make, model and colour would it be and why?

Red VW Beetle. I just love stalking spiders, ants and other little bugs that foolishly make their way into our house. I think it would be too cool to tool around inside a bug!

Do you have a theme song? What is it?

High Hopes.....Just what made that little old ant think he could move a rubber tree plant, anyone knows an any cane move a rubber tree plant, but he's got high hopes.....

This speaks to my personality and well there are bugs involved and I love bugs!

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have an uncle called Yoda. He's a 15 year old cow cat who is my BFF. He's really nice to me, sometimes he'll come up and wash the top of my head. On rare occasions we nap together. I love leaping on Uncle Yoda or pouncing him. He doesn't always want to play and my Mom always reminds me he's 15 and doesn't play as hard as I do, but I just hear blah, blah, blah, PLAY. Yoda is also applying, I can only hope we'll be together in a small space capsule.

What is the name of your human sponsor or sponsors?

My mom's name is Mary Flynn, my other human is Jody Bernier. They both love name lots!

What type of position are you applying for? What special skills do you think we could use for our program?

Bitty Space Program

"Where imagination meets ingenuity"

I want to be a cosmonaut cat. Space flight would be too cool. I'm persistent and can do anything I want (except play games on the ipad, it doesn't recognize my bad foot when I use it). I don't worry about being lonely in space cuz I want to fly with my bestie Yoda.

If there isn't room on the flight crew, that's OK, as long as I'm assigned to a position next to my bestie Yoda.

What else do we need to know about you?

I'm a bundle of love, joy and happiness in a tuxie package. I'm always really for a night on the town, a formal event, or a casual cookout (there will be ants, right?). I want to reassure you my bad paw is not a hindrance and I'd be an asset to your crew.

Signed:
