"Where imagination meets ingenuity"

Please share your *adoption story*

It was a very cold and dark January evening. My meowmy was away dog-sitting (he is naked, how he is a real dog??) and her roommate found me outside on the corner of our street in Harlem. She took me inside and went down to the cornerstore and bought some food, litter and found a box to make my potty. When I went to potty I showed how good I was and tucked my arms up off the ledge, like a proper Lady, and they called me Princess from then on. Next day when meowmy came home, I knew she was my hoomin right away, and I liked to sleep on her bed, but I was very sad because I wanted to make babies. Meowmy says she thinks other hoomins I lived with before threw me out because of this, but she took me to someone called a doctor and they helped me feel better, and we live happily ever after now!! Other lady who first took me inside is Other-mother and she lives far away now, but ai always glad she found me and took me to find my meowmy!!

What is your favourite thing to play with?

Bugs and evil red dot

What kind of food do you like to eat?

Meowmy say ai "picky" and only like "garbage" but it is not true! Ai likes it when she feeds me raw beef or salmon, but she only gives me that every now and then. Mostly ai eats anything Friskies in gravy or with sauce.

Do you like going for car rides?

NOPE!!!

What is your favourite cartoon character?

Tweety Bird

If you drove a car, what make, model and colour would it be and why?

A white or silver Jaguar F-TYPE Coupe (2014 model), because "it's good to be bad" and a Princess deserves the best!

Do you have a theme song? What is it?

What doesn't kill you makes you stronger - Kelly Clarkson, Survivor - Destiny's Child or Stronger by Britney Spears

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

One step brother, Atlas, he is dumb and annoying. I have to put him in his place daily!! Sigh. Meowmy scolds me when I do, but she also understands ai haz to establish the pecking order 'cause Atlas is too dumb to remember....

What is the name of your human sponsor or sponsors?

Lina Berentsen is my meowmy. Aka Beadmaniac on Facebook.

What type of position are you applying for? What special skills do you think we could use for our program?

Bug controller or maintenance crew! Meowmy says ai is very trainable..

What else do we need to know about you?

Meowmy thinks that's it! She says ai is cute, but then ai know she says that to all the kitties on the'puter too!
