Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
Sometimes the human slave needs to sweep the floor so to make sure it gets done, I push a bowl of food off on the floor

What is the funniest thing that has ever happened to you?

I rolled off my cat tree in my sleep. I didn't think it was very funny but the human was laughing so hard she cried.

Please share your adoption story

My brothers and sisters and I were left in a box in the middle of July last year on the back steps of a church...on a Monday. We cried really loud and finally someone who just happened to stop by the church that day heard us and called my human's friend who rescued us. We were very small...too small to be away from our mommy but we didn't have a choice in that. I was the smallest. We were all sick (URI), covered in fleas, we even had worms in our bellies! But we got better. My rescuer thought we would be barn cats but even after a couple of months of getting stronger, I was too little so she asked my human to take me and she did! Now I live the life of a pampered princess as I should.

What is your favourite thing to play with?

The human got me this bird attached to a string, attached to a stick that chirps! I loves it!

What kind of food do you like to eat?

Fancy Feast Primavera and Fancy Feast Chicken and Turkey kibble

Do you like going for car rides?

Not a huge fan of the car. It goes too SLOW! That's why I would be a perfect addition to the Biddy Space Program!

What is your favourite cartoon character?

Catwoman!

If you drove a car, what make, model and colour would it be and why?

Probably my human's car since I just need it to get to the Bitty Space Program! (2017 Ford Focus)

Do you have a theme song? What is it?

Star Wars Theme, of course!

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

One. My human rescued another cat before me. She was in the wheel well of her car so her name is Monti Carla. Monti doesn't like me much but we chase each other and she hisses at me a lot and occasionally she swats at me but it didn't take long to realize she is all talk. But...she did say that I should definitely apply and she would help me train and pack when we go out on a mission. She seems very excited about that for some reason.

What is the name of your human sponsor or sponsors?

Katina Forwerck

What type of position are you applying for? What special skills do you think we could use for our program?

Princess! Like all kick ass princesses, I can pilot the ship, oversee the crew, and fight off bad guys! Also, I have previous experience in space...obviously.

What else do we need to know about you?

I am Princess Leia after all, I am kind of a big deal in space.

Signed:
