Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.

*I love to open drawers with my bare claws – meowmy just loves the scratch marks (not) lol*

What is the funniest thing that has ever happened to you?

*When I was recovering from my speuter, I opened a drawer and got behind it. Meowmy was afraid because she could not remove the drawer as it was on runners. Eventually she discovered that if she moved the drawers away from the wall I could get out from the back*

Please share your adoption story

*I was adopted when I was 5 weeks old. My fur meowmys owner was told that she and my siblings and I were to be gone by the end of the week. Meowmy knew that was much too young but was afraid of what would happen if she didn't take me. I was already weaned and using litter tray.*

What is your favourite thing to play with?

*Favourite toys are anything that rattles. I do occasionally enjoy playing with the toilet roll. I also enjoy tormenting one of my brothers*

What kind of food do you like to eat?

*I prefer wet and dry cat food – not really into human food. I love the occasional treat.*

Do you like going for car rides?

*Car rides mean one thing ... V E T – though I am a good girl and not like my geriatric brother who sings the song of his people all the way*

What is your favourite cartoon character?

*Top Cat of course 😊*

If you drove a car, what make, model and colour would it be and why?

*Pink Audi A4*

Do you have a theme song? What is it?

*Bad to the Bone – George Thoroughgood*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*I have 4 siblings: 2 dogs (Helga and Bowie); and 2 older cat brothers. I tend to ignore the dogs and one of my cat brothers (who mummy calls Dr Jekyll/Mr Hyde depending on his mood, although his real name is Tippy). My real old brother Homer is the one I constantly annoy and shadowbox with, but sometimes we are both found curled up on meowmys bed asleep, but usually at opposite sides. Tippy and Homer will not be applying as they both tell me they are too old.*

What is the name of your human sponsor or sponsors?

*My human is Kathy Galloway*

What type of position are you applying for? What special skills do you think we could use for our program?

*Pouncing and jumping from great heights; climbing doors*

What else do we need to know about you?

*I love to hide when meowmy is looking for me – and usually she cannot find me. This makes it easy for me to sneak up on her as if I was there all the time. I used to love climbing the curtains and walking along the curtain rod until meomy removed them and had blinds installed and I am NOT allowed near them 😞 - but that's ok I have found other things to climb – like the new security doors which have pet proof mesh*

Signed: Simba Galloway
