Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
My poor humans are getting old so they need lots of help, but probably the most important thing I 'help' them with is not over sleeping. I make sure that they wake up really early every day of the week. If I did not perform this very important duty, they might forget to feed me and I would surely starve,

What is the funniest thing that has ever happened to you?

I jumped up on the side of the tub and missed causing me to slide into a FULL tub of water! I'm not a big fan of swimming.

Please share your adoption story

I had been waiting 6 months for a forever home. All my siblings had found theirs. My foster mom was having no luck so she traveled with me from South Carolina to an adoption event at PetSmart in Georgia. This nice lady came in looking for another kitty. She already had one named Zoë and a doggie named Zeek. She said I was very pretty and asked what my name was. My foster mom told her Zeeta. She told her to fill out the paperwork. It was destiny since my name started with a Z! I am fifteen now. Zoë and Zeke have crossed the rainbow bridge but I'm still going strong. My mom says I'll probably live to be 100.

What is your favourite thing to play with?

Fuzzy mice, catnip toys, string, anything metal

Bitty Space Program

"Where imagination meets ingenuity"

What kind of food do you like to eat?

I like crunchy and gushy equally. I also love spaghetti noodles, pork chops, steak, pork roast, vanilla pudding and ice cream.

Do you like going for car rides?

NO! I sing the song of my people in protest!

What is your favourite cartoon character?

Simon's Cat

If you drove a car, what make, model and colour would it be and why?

Definitely a green Jaguar XJ220. A Jaguar because it's a cat, green to match my eyes and XJ220 because it's sleek like me.

Do you have a theme song? What is it?

Pink Panther

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I only have one right now. He is an awesome little doggie named Scruffy. We love each other very much! I don't think he would like going into space. He's getting old and he doesn't see or hear very well now.

What is the name of your human sponsor or sponsors?

Sharon Buck

What type of position are you applying for? What special skills do you think we could use for our program?

I love anything metal so perhaps designing or testing the space catsule. Get it?

What else do we need to know about you?

I have excellent observation skills. Watching bird and squirrel TV from my bed in the window is one of my favorite pastimes (when I'm not sleeping).
