Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
Lead the dog to the door to go out and do what dogs do. Sometimes I have to babysit the dog so he doesn't escape.

What is the funniest thing that has ever happened to you?

We have a fence up for my dog slave to go out. I didn't look out the window before I decided to go out and babysit the dog. It snowed and was deep. My meowmy laughed at me. So she didn't have feet coverings on. I came running in and left some of that cold wet stuff on her feet. I laughed at her too.

Please share your adoption story

My furless meowmy rescued me from a cat hording home. There was 18 I think brothers and sisters in my baby house plus my furry meowmy brother and sisters to total 48 of us. I was the only one excepted by my new big brother, Alex, out of 6 of us so my furless meowmy said I can live here with them. But the other sad part was my big brother's brother had just died so my furless meowmy, Alex, and the dog, Kory said I can move in. Kory is my friend and he does what I tell him to do.

What is your favourite thing to play with?

I like to play with my kicker thing from that website that raises money and talks to people on the computer. Meowmy said they support TinyKittens. She said that is where you came from. I also have tried to work meowmy's computer but she tells me I'm not old enough.

What kind of food do you like to eat?

My brother is diabetic so we get to eat mushy foods but we also get this dry food but it is from the place where they like to do healthy things like with needles. I get to go at the end of this month with my brother to see that person in the white coats. I also like COOKIES!!! I watch you all play the cookie game. We used to play that too but not anymore because we have to be careful with my brother.

Do you like going for car rides?

My meowmy doesn't have a car. I have been in one of those so called bags with wheels and then in the big loud thing. We went to see the white coated person. I have a stroller that I love. I ride in it to take my dog for walks. We even went to the furry store. It can pass as a form of space ship on wheels.

What is your favourite cartoon character?

Bamm Bamm Ruble from the Flintstones

If you drove a car, what make, model and colour would it be and why?

Tesla Model S in red. It is a cool looking car. Very sporty. Plus it is what went outer space

Do you have a theme song? What is it?

Yep meowmy said it was the song from the Beverly Hillbillies. She said because I came for having nothing to living the life.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have 2 which I told you about before. I have a diabetic bratty big brother, but not from my fur meowmy, Alex and a dog that is my slave named Kory. I like to start wrestling matches with my brother Alex and then I get that dog upset and he chases my brother away. The whole time I started it. You wouldn't want them. You would have to have something to keep Alex's insulin cold.

What is the name of your human sponsor or sponsors?

My meowmy's name is Laura Vessey

What type of position are you applying for? What special skills do you think we could use for our program?

Food supervisor I can keep an eye on the food and maybe by the time it is lift off I can learn how to open cans. My nickname is Roo the Rat because I know how to open chunkie bags and treat bags. I jump when I get caught when I'm not suppose to open bags

What else do we need to know about you?

I can run fast, I like to know how to work in the kitchen. I also flush the potty if someone forgets to. I learned to do that because my brother. My meowmy says its my fault. I try to flush Alex's potty before he has a chance to get out of the potty.
