Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.  
*The human would not get anything done if I did not remind her to do it, and then watch her and comment on her methods. Every morning I have to wake the human by screeching, walking across her body, and knocking things off her desk--all just so she remembers her most important duty, feeding me!*

What is the funniest thing that has ever happened to you?

*I could see shadows of birds through the window blinds, so I leaped up, grabbed hold of the top blind, and tore down through ten or so slats before falling back to the floor. Luckily, this woke the human and I was able to get breakfast. She made an awful lot of noise, though.*

Please share your adoption story

*I'd been wandering around on the streets, where no one respects you and meals are very irregular. Thankfully, a human brought me into a shelter, and then this human agreed to be my servant.*

What is your favourite thing to play with?

*Bugs*

## Bitty Space Program

*"Where imagination meets ingenuity"*

---

What kind of food do you like to eat?

*I especially like kibble. Wet food is ok, too. And cheese. And chicken soup. Also, doughnuts.*

Do you like going for car rides?

*No. Nothing good ever came of a car ride.*

What is your favourite cartoon character?

*Why has no one made a cartoon about me? That, I'd be interested in.*

If you drove a car, what make, model and colour would it be and why?

*Nope. You can't trick me into a car.*

Do you have a theme song? What is it?

*867-5309 (Jenny) by some 80s hair band. However, the human also likes to sing "mao, mao kitty" to Beethoven's 9th, which is somewhat more dignified, I suppose.*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*It's just me and the human.*

What is the name of your human sponsor or sponsors?

*The human. If, in conversation, I need to differentiate from some other human, I refer to her as "the usual human".*

What type of position are you applying for? What special skills do you think we could use for our program?

*I supervise. Mission control.*

What else do we need to know about you?

*The human thinks you Fuzzy Bums are hilarious, but I have no interest in other felines. Therefore, I can make the hard choices in mission control.*
