| <input type="checkbox"/> Escaping | <input type="checkbox"/> Hiding | |

Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
It might sound really silly, but my Hoomin forgets when it is time for bed! So I remind her by sitting on her hands and keyboard of her computer and meow until she goes to bed to cuddle with me.

What is the funniest thing that has ever happened to you?

I love to flop and roll on the couch. In the afternoon there is this amazing sunbeam, like AMAZING that hits right on the couch, so I was loving it, and started rolling around, and I fell right off the couch!

Please share your adoption story

I was found on the street with my son. The hoomins took us to a place with lots of other cats. My Son was very popular because when hoomins threw things, he would bring them back to the hoomins. I was sharing my space with a big, Orange cat. One day in the cat space, three hoomins, a Mama, a Papa, and a child, came to my area of the cat space. The child looked at me and gave me pats for a bit, but moved on to look at the baby kittens that were nearby. After a while, the child came back to me, and they put me into a box with some holes. How rude. Next thing I know, I am inside this big house with an old Orange cat who is missing her front claws. The hoomin child became my overseer.

What is your favourite thing to play with?

I have a lot of toys, but my squeaky mouse is my favorite. It squeeks when I move it around. Hoomin says the other cat is not a toy so I had to pick something else.

What kind of food do you like to eat?

I love gushy foods, but I used to steal the other cats, or she would steal mine, so they don't feed us next to each other anymore.

Do you like going for car rides?

Car? Isn't that the thing they put you in for the VET?!

What is your favourite cartoon character?

What's a Cartoon? Is that the thing where the light box shows the moving pictures? If it is, then I say I am the brightest colored thing there! I remember a bright pink thing on the light box once, Hoomin called it "Pinkie Pie".

If you drove a car, what make, model and colour would it be and why?

More cars?! You're taking me to the VET aren't you? Ill go hide in this suspicious...pink...carrier! Oh no!

Do you have a theme song? What is it?

My hoomin sometimes sings a song that goes "Woono, Woono Woono" with really no rhythm.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

The old Orange cat named Judy is also my sibling.

What is the name of your human sponsor or sponsors?

Kyleen

What type of position are you applying for? What special skills do you think we could use for our program?

I think I would be a good Solar Engineer or something, I love to bathe in the sun and roll around, and I can use my fur to soak up the solar energy I am sure! I also make really great biscuits if you need an extra chef.

What else do we need to know about you?

Not much, I am going to go take a nap now.

Signed:
