Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I like to help my human slave feed the foster kittens (ie I try and eat the food for them to show them how it's done).

What is the funniest thing that has ever happened to you?

I put my head into a Christmas bag and when I tried to pull my head out I realised the bag was attached and I freaked out a little bit (a lot).

Please share your adoption story

After Meowmy's cat Harry passed away, she decided that she wanted to help another kitty who needed some extra love. My previous foster family didn't feed me very well and I was losing weight. A kind lady at the rspca gave me to Meowmy and she looked after me so well I decided to stay.

What is your favourite thing to play with?

I love playing with the foster kittens! I chase them all over the house and I love running inside the tunnel to hide from them.

What kind of food do you like to eat?

Kangaroo meat is my favourite although Meowmy says it's yucky. I persuade her to give me some every night though.

Do you like going for car rides?

Not really. I haven't been on many though.

What is your favourite cartoon character?

Tom and Jerry

If you drove a car, what make, model and colour would it be and why?

A blue hummer. I need a big car to fit my floofy tail in and blue goes nicely with orange.

Do you have a theme song? What is it?

Born to be Wild because Meowmy thinks I am a bit of a wild child sometimes.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Lucy is my older cat sister. She loves me so much. She sometimes likes to hide this fact and hiss at me and boop me on the head. But I also call her over to clean me on the head and she follows my orders.

What is the name of your human sponsor or sponsors?

Jenna Fishburn

What type of position are you applying for? What special skills do you think we could use for our program?

I am really good at caring for kittens and keeping them entertained. So I am applying for lead kitten space educator. I can also babysit for when the other space cats need a break from their munchkins.

What else do we need to know about you?

I think I have covered everything.

Signed:
