Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.

I always walk in front of my meowmy's feet because I need to help her go where she wants to go. Sometimes she stumbles, so it's a good thing that I'm there to make sure that she walks slower and be more careful.

What is the funniest thing that has ever happened to you?

When I was about 3 months old, I was already training to be a part of something big, so I was seeing how high I could jump. I climbed on a cabinet and then jumped onto the dining room chandelier. Then I had to stay there for a while because the chandelier was swinging back and forth and I couldn't do anything but hold on until Meowmy climbed on a chair and carried me down. But she waited for a while before she did that...not sure why.

Please share your adoption story

I was born in Vancouver, Washington. My mama wasn't supposed to have me and my sister and 2 brothers, but my first family was nice to all of us and taught us how to be good kittens so that when we were 8 weeks old, we could go to other families and teach them how to be kittens too. My name is Twinkie because I look like one, and I was adopted on the weekend that Twinkies (snacks) were put back on the shelf in the grocery stores after changing ownership.

What is your favourite thing to play with?

I love my twisty ties. I taught my Meowmy to throw the twisty ties and I run to catch them and bring it back to her. She was a quick learner.

What kind of food do you like to eat?

I like Blue Buffalo kibble. I don't know what the hype is over the gushy canned stuff, but kibble rocks! I also like bonito flakes and Temptations treats.

Do you like going for car rides?

NO, NO, NO!!

What is your favourite cartoon character?

At the moment I love watch B-Rex on Tiny Kittens HQ. She's cool because she's on TV.

If you drove a car, what make, model and colour would it be and why?

Definitely a royal blue Mini Cooper convertible. It's a cool car, and fast, and I need a convertible because my floofy tail needs to be flying in the wind.

Do you have a theme song? What is it?

Mr. Roger's "I Like You as You Are". I like everybody.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have 2 older brother cats and 1 sister cat. I like them all, but they are all lazy and don't like to run around and chase me after I chase them. It's probably because I'm the youngest and have the most energy.

What is the name of your human sponsor or sponsors?

My human sponsor is Lisa Ochoco.

What type of position are you applying for? What special skills do you think we could use for our program?

I would like to apply for the position of jumper. I can jump really high. And I can jump a lot. I also run all the time, up and down the hallway. I like to run after and catch twisty ties, and I know that there's gotta be a lot of twisty ties in space that need to be gathered.

What else do we need to know about you?

I have a really long and fluffy tail. I think it's because my first brother and sister only had stumps for tails (we are 1/2 Cymric or Manx) and I must have stolen their tails to add it onto mine before we were born. This is probably why I can jump really high and run really fast.
