<input type="checkbox"/> Making nail art on furniture	<input type="checkbox"/> Opening Cupboards	<input checked="" type="checkbox"/> Stomping on humans
<input type="checkbox"/> Mice	<input type="checkbox"/> Barfing	<input checked="" type="checkbox"/> Yelling about nothing
		<input checked="" type="checkbox"/> COOKIES

Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves. *I have an acute sense of time, especially when mealtimes are imminent. No matter the time zone, I know exactly when it's time to eat and I have to remind my humans daily when the time is approaching. On the occasion that I feel quantities were not sufficient for the previous meal, I will advance my warnings and requests by an hour. I'm also not easy to deter and keep my humans on task.*

Please share your adoption story

I lived on the streets of Merced, CA. Our mother abandoned me and my siblings, but our father found a young lady who fed us. It was her plan to capture and spay/neuter before she moved, but we were too wily. One day this lady's good friend came to visit and I decided to take a closer peek at her through the picture window. We locked eyes and I knew she would be my meowmy. I didn't know that Meowmy felt the same way, even though she had never had a kitten before (she grew up with dawgs - harumph!). Long story short, when the lady couldn't lure me into her SPCA trap, I decided to walk into her house the day before Mama came to help her move. I am Mama's perfect first cat as I am even tempered, sweet, and have very thick fur that doesn't make her sneeze or break out in hives. We love to cuddle and keep each other warm. The Man is nice and I'll let him feed and occasionally scratch me, but he's very tall and clompy, and he makes a lot of scary sounds. A few years ago, he was very sick and a lot quieter, and Mama was sad, but she said my snuggles were very helpful to her and soon The Man got better and returned to being clompy.

Bitty Space Program

"Where imagination meets ingenuity"

What is your favourite thing to play with?

The Kitty Tease (original) that Mama got when I moved in.

What kind of food do you like to eat?

I like the same cookies the Fuzzy Bums like, but since I gain weight like Mama, I eat Blue Buffalo Indoor/Weight Control kibble for Indoor, Mature (ahem) Cats.

Do you like going for car rides?

Not really. I have gotten used to getting into that darn carrier, but I much prefer to stay home.

What is your favourite cartoon character?

I don't really watch cartoons, but Mama says that "Simon's Cat" is a fair representation of our home.

If you drove a car, what make, model and colour would it be and why?

Black Tesla Model 3 Sedan. It's like me, quiet, reliable but trendy, and black like me!

Do you have a theme song? What is it?

The Midnight Mmrroowl of My People.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have a younger brother that I didn't ask for. I was a happy Only Child

What is the name of your human sponsor or sponsors?

Mama (Melissa) and The Man (David) Parker

What type of position are you applying for? What special skills do you think we could use for our program?

Mission Specialist. Extreme taste sensitivity - can discriminate the very best flavors and will accept none but the most premium cookies.

What else do we need to know about you?

*I am a great fan of the Fuzzy Bums (although I think Mama spends too much time reading and laughing at your posts instead of focusing on my multiple and on-demand cuddle sessions!) Oh, and I think my rascally younger brother Dublin will also be applying (*sigh*)*

Signed:
