Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.

When my humans are looking for me, I hide in interesting places like behind the dryer or under the dresser. This improves their spatial reasoning and mental acuity.

What is the funniest thing that has ever happened to you?

My humans were puzzled by how I got all wet by sleeping in my box. I was too chagrined to tell them it was because I drool when petted.

Please share your adoption story

I lived in the Happy Forest where sometimes humans visited with offerings of food. One day I decided I'd had enough of outside and let them take me to the Giant Human Headquarters. Later my sister Riska and I went home with some new humans. They seem nice.

What is your favourite thing to play with?

My box is the best, because it is a bed, a rubbing post, and a chew toy (for me and my sister).

What kind of food do you like to eat?

Any food I can eat before Riska gets it is the best.

Do you like going for car rides?

NO. The big metal what is terrifying.

What is your favourite cartoon character?

My sister Riska.

If you drove a car, what make, model and colour would it be and why?

I would drive a giant ess you vee because they are big and nothing can get at you. They are big boxes.

Do you have a theme song? What is it?

I like any music as long as no humans are dancing.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have one sister, Riska, who is sometimes A Bit Much, but she is very nice and usually doesn't eat all my food. She keeps me up to date on what is going on in the Apartment.

What is the name of your human sponsor or sponsors?

Fi and Jim Evans.

What type of position are you applying for? What special skills do you think we could use for our program?

My sister and I are a very good team, because I am a Strategist who prefers to stay someplace safe, while she gathers data for me and has the Adventures. Even Space Kittens need someone to stay behind and look after the ship.

What else do we need to know about you?

I am both a solid and a liquid, but do not like to brag.

Signed:
