Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I clean their fingers. Every morning after my breakfast, I sit in meowmy's lap and suck on her fingers. Every night when we get into bed, I suck on pawpaw's fingers. No, it's not me being needy or possibly having been separated from my actual mom at an early age... I just think that my humans' fingers need to be cleaned very thoroughly.

What is the funniest thing that has ever happened to you?

Well, I don't think it's too funny but my humans do. I have a short stubby tail (I may be a manx, but we're not sure since I was a stray.) Like with all of us cats, when I get really scared, it poofs out. But since my tail is short, when it poofs it apparently looks like a floofy disco ball... I'm supposed to look intimidating! But my humans laugh. Humph. But hey, what I think was funny was that one time I pooped and I hadn't cleaned myself 'back there' yet, but I got the zoomies and was playing on the bed and I left a small 'gift' on pawpaw's side of the bed. Heehee.

Please share your adoption story

A few Christmases ago, I was hungry and wandering around a neighborhood and I saw a guy that seemed really nice. I went up to him to say hi and he said hi back and he sat down in the driveway. I got this really good feeling about him, so I jumped into his lap. He gave me scratches (sooo good) and some turkey (sooo yummy), I couldn't help it, I purrrrrrrrrrrrrrrrrrrred. That's when I decided to claim him as my pawpaw. There were lots of people coming and going all day and it was confusing, but I wasn't going to let him out of my sight! That night, he and another human (who turned out to be my new meowmy) took me home with them to be a part of their fur-ever family. They call me their surprise Christmas baby. (PS. They made sure I didn't have another family that was missing me.)

What is your favourite thing to play with?

A fake bamboo leaf tied to a green ribbon, that's tied to a pink plastic stick. Springs, bottle caps, anything plastic.

What kind of food do you like to eat?

Anything! Pawpaw shares his food with me, but meowmy won't.

Do you like going for car rides?

Nope.

What is your favourite cartoon character?

Totoro! I imagine that his belly is as floofy as mine.

If you drove a car, what make, model and colour would it be and why?

Something compact, sleek but manly. Maybe a Jaguar. It would be red cuz that's our favorite color!

Do you have a theme song? What is it?

Magic by Pilot. The lyrics go "Ho ho ho it's magic" but my humans sing it to me as "Mo Mo Mo he's magic... never believe it's not so." I think that's kinda cool.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Yes, my sister, Susu! She's applying too. She's sooooooo pretty and I want to play with her but I don't think I made a good first impression. I was so excited to meet her, so I ran up to her but she thought I was going to attack her and she got really scared. I've tried to make it up to her but she hisses at me every time. There's now a gate that keeps us separated but I can see her all the time and we get treats at the gate. We also play whappy paws at the gate. I think she's slooooooowly coming around, one of these days we're gonna be best buds and I'm gonna snuggle with her!

What is the name of your human sponsor or sponsors?

Pawpaw is Michael, meowmy is Aki.

What type of position are you applying for? What special skills do you think we could use for our program?

I can be head of security! My humans call me 'guard cat' cuz I am super protective of my family and home. I've scared off three people already! Pawpaw and mewomy say those three people are friends but I'm not so sure... they smelled funny. I'm also very muscular! Very important as head of security.

What else do we need to know about you?

My meowmy likes to watch me run cuz she says I run with a slight bunny hop and when I do this, my bum is the cutest. Will BSP ever have a calendar? I would be great for hmmm... September maybe. I also have very strong vocal cords, I can sing the song of my people for hours.
