Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I always help when MomT gets the clacky thing in her lap. She says I am the best helper and sometimes I even get to put my message on the bright screen when she is watching the little kittens. I also guard the tool bag when MomP is working around the house. Got to make sure none fall out!

What is the funniest thing that has ever happened to you?

Don't tell the moms but when I sleep on the back of the couch I sometimes fall of and it isn't on purpose like I tell them it is.

Please share your adoption story

I was rescued as a kitten and stayed with my sibs in a cage until the day they took me to a big glass box place. It had just opened near us and I was the first adoption there! My name came from the way a played with my jingly ball in my glass box to get the attention of my moms! Obviously it worked!!

What is your favourite thing to play with?

RIBBONS!! I have a catnip kicker with ribbons that MomT got me and I love to play with it more than anything!

What kind of food do you like to eat?

People food when I can get it (french fries and broccoli are yummy!) I'll eat any of the stinky good mush and crunchy bits mom gives me and I love when I get Temptations!

Do you like going for car rides?

The only bad thing about a ride is that Alti sings the song of our people the WHOLE TIME

What is your favourite cartoon character?

There's a dragon looking thing on some pony show my MomT watches. He is cool cause he is always trying to help in his own way but sometimes messes up.

If you drove a car, what make, model and colour would it be and why?

Something fast! and red! maybe with stripes like me!

Do you have a theme song? What is it?

I do! MomT sings it to me when she is cuddling me! "I've got a lovely little Rico-cat. He's the sweetest cat I know! Cute paws, pink nose. tail with all its stripes. Give him a kiss, don't you miss! He needs all the love he craves". (Tune of the Lovely Coconut song).

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Two cats: Alti (who thinks she is the queen) and Max (who plays with me!) Alti is the oldest and she don't play at all - just glares when we get too close to her. Max is awesome! He has a glorious floofy tail I can snuggle with or play with! There's also two dogs. Dori is fluffy and warm to sleep with. Zeus is a dooky head.

What is the name of your human sponsor or sponsors?

Other than MomT? I think the humans call her Teresa. MomP is sometimes called Pat (which I always do when I crawl in her lap to let her know I know her name!)

What type of position are you applying for? What special skills do you think we could use for our program?

I am good with screens and the clacky flat thing that is with them. I also know tools from helping MomP so maybe something mechanical? I just want to help

What else do we need to know about you?

I am very brave! I once got on the floaty thing in the backyard pond and rode around all by myself! I don't call for help at all! MomP said something about never seeing a cat in a pool before! And you need an orange kitty on staff somewhere - we are lucky!
