Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.  
*My meowmy calls me the QA (Quality Assurance) Inspector. When my humans come home with bags of human foods and stuff, I sniff it all to make sure it's safe. I also sniff the packages that are delivered and test out the boxes to ensure the humans keep only the ones that are cat-grade. Oh and I sniff meowmy's mouth after she's eaten something to check she's eating healthy.*

What is the funniest thing that has ever happened to you?

*I chase my tail while I'm on the cat tree. Sometimes I get so excited I fall off*

Please share your adoption story

*My meowmy is from a place called Japan (she says it's a super cool place with super cool cat stuff) and when she first came to 'Merica, she was alone at home a lot since my pawpaw had to go to work. My pawpaw said she needed a companion, so they came to the Humane Society where I was and when she picked me up I purred and climbed all over her cuz I was hoping she would take me home with them. And she did! She chose me to be her fur-ever companion. Oh and I'm extra special cuz I'm her first furbaby ever, let alone a cat!*

What is your favourite thing to play with?

*Right now, wool felted balls. Meowmy makes them, I even have one with my name on it.*

What kind of food do you like to eat?

*Gushy foods, crunchy foods, toona, Churu and treats that Grand-meowmy sends from the place called Japan. Oh and I once had something called butter... it was so yummy... but I haven't seen it since.*

Do you like going for car rides?

*They're ok... but being put in the carriers, not so much.*

What is your favourite cartoon character?

*Jiji from 'Kiki's Delivery Service'. Ok, that's an anime and not a cartoon, but close enough right? Besides, how awesome is it to be a witch's cat and ride on a broom?*

If you drove a car, what make, model and colour would it be and why?

*Something classy, sleek and a convertible. It would be champagne colored. Because I am classy and sleek and if I were human, I would drink champagne on a regular basis.*

Do you have a theme song? What is it?

*I don't have a theme song but meowmy sings to me all the time. Her recent fav is a Japanese song and the lyrics go like "Just hearing 'I love you' makes me feel like I can be strong."*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*Sigh... I have a brother named Moku. He's applying too, meowmy says we have to be fair. I am a very laid back and chill kitty, I like to have my own space. Moku has no concept of personal space and he wants to play all the time. When he first came to our house, he pounced on me (humans say he just wanted to play) but it scared me cuz I thought he was attacking me. Ever since then, I have been very wary of him. But now I have my own space and he has his, so it's all good. My humans say that they want everybody to get along so we can someday all snuggle together... I dunno... maybe. But to be fair, he is kinda cute.*

What is the name of your human sponsor or sponsors?

*Meowmy is Aki, pawpaw is Michael.*

What type of position are you applying for? What special skills do you think we could use for our program?

*As I mentioned above, I'd be a great QA inspector, to make sure everything is up to the Bitty standards. I also love high places and I'm a great jumper, I could test the launch sites with Bits.*

What else do we need to know about you?

*Meowmy tells me that I have big eyes and long legs, that I am model material. I would be a great model for the Bitty spacesuits! Also, I can be very sneaky... my humans tell me NO when I get up on the kitchen counter (haha) and make me get off, but I just wait until they go to bed and I'm back up there. Oh and I'm a tortie, meowmy and pawpaw say I have tortitude.*
