 Cleaning  Barfing  Singing  
 Making nail art on furniture  Climbing Curtains  Cat Tree  
 Mice  Hiding  Bug Chasing  
 Tripping humans  Toys  COOKIES  
 Escaping

Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.  
*Well, I chase everything around the house. If there's a bug around I eat it so Meowmy doesn't have to kill it and clean up the mess. Um, I redecorate the pillows on the bed so Meowmy doesn't have to do it.*

What is the funniest thing that has ever happened to you?

*Funniest thing. Meowmy and I were watching TV in the living room. I jumped on her lap for a petting (first time ever) Something spooked me, I jumped 10 feet in the air and landed on the coffee table knocking everything off. Funny thing was, there was nothing around that spooked me.*

Please share your adoption story

*Mine is a sad story. Meowmy was renting an apartment. My old family I was with were abusive to me. When I was born I spent the first year of my life locked in a box not allowed to come out at all. I was beaten by the kids and by the husband. Half the time I didn't have food so I would be an indoor/outdoor kitty who would have to fend for herself. I was extremely tiny in weight and very bony. My current Meowmy felt so bad for me, she started taking care of me. When it came time for my current Meowmy to move, she put me in front of the cat carrier, she gave me a choice, her exact words were "Vendetta*

## Bitty Space Program

*"Where imagination meets ingenuity"*

---

*you have a choice, you can stay here and die or you can come with me and live a life of pamper." I immediately jumped into the carrier and the rest is history.*

What is your favourite thing to play with?

*Balls, as many ball you can give me. I must have hundreds of balls.*

What kind of food do you like to eat?

*Cat Chow for sensitive stomachs and Friskies all flavors.*

Do you like going for car rides?

*Absolutely NOT*

What is your favourite cartoon character?

*Bugs Bunny*

If you drove a car, what make, model and colour would it be and why?

*Red BMW*

Do you have a theme song? What is it?

*Stray Cat Strut*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*Oreo is my big brother Tuxie (Oh can you please fix his application. El-stupido put down he's a girl. Yeah right) I like to harass Oreo. You see, he's a senior, I'm only 11. I so much want to play with him but because he's blind, he doesn't play much. So, I have this game I play. When he comes out of the litter box or the bathroom, I ambush him but jumping on his back and chasing him around the house. You see, I'll never hurt him but I do keep him on his toes.*

What is the name of your human sponsor or sponsors?

*Sabrina Aliano*

What type of position are you applying for? What special skills do you think we could use for our program?

*Hm, Well I would be a good security officer. I have these really razor sharp nails that can cut up anyone in a second. I'm s spit-fire and live up to my name plus I have great Ninja moves.*

What else do we need to know about you?

*After my current Meowmy adopted me, I have since gained weight and I'm not a black butter ball. I HATE being picked up and I'm starting to learn what affection is. (I've been with my current Meowmy for 6yrs) I'm just now letting her kiss my head and give me head rubs. She CANNOT touch my stomach. That is OFF LIMITS!!!!*

Signed:
