Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
I'm so much smarter than my human. She thinks she is supposed to sleep at night. So I'm much better at keeping her on schedule and waking her up every few hours for meal time.

What is the funniest thing that has ever happened to you?

Yesterday I scared Grand Meowmie when I jumped up on the chair she was sitting on. She screamed so loud I laughed and laughed.

Please share your adoption story

My adoption story is a little different. Grand Meowmie's family kept me outdoors all day and night for 4 years. I got sick and hurt a lot. Grand Meowmie snuck me out of the house to get shots and neutered. The family was mad at her. She got an apartment six weeks ago and adopted me to my forever home. Even though I got FIP, she loves me anyway and keeps me indoors so I can plan space missions.

What is your favourite thing to play with?

I like to play with Grand Meowmie's hand and arm. She keeps yelling and saying she is going to get some gloves.

What kind of food do you like to eat?

I like gushie, gushie food. The gooshier the better with lots and lots of gravy. I drive Grand Meowmie nuts leaving the meat bits. I would be happy with kibble if I am on a space trip.

Do you like going for car rides?

I yell at first but then I calm down and I'm quiet. If I was on a space trip, I would be too busy to scream.

What is your favourite cartoon character?

I like the Tramp cat in Lady and the Tramp. That was my old life and now I have a home like him.

If you drove a car, what make, model and colour would it be and why?

My Grand Meowmie had a bright yellow Toyota Celica. She said I would love to drive a car like that.

Do you have a theme song? What is it?

Walk Like Me by Mick Haggard because I'm a cool cat.

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

Luna the Havernese dog was my friend at the other house. She was my size and liked to play with me. She ran after me and I would grab her with my claws and teeth like I used to with my brother. I don't understand why she ran from me. I would love to take her with me on the space flight. She loves to ride in cars.

What is the name of your human sponsor or sponsors?

Grand Meowmie is Priscilla Cain aka Cilla in UTube.

What type of position are you applying for? What special skills do you think we could use for our program?

I am applying for Electronics Engineer Flight Systems Integration. If that position is already filled, I'd like to be a Satellite Ground Station Experimentor. My Grand Meowmie has a cousin that is a Rocket Scientist and has these titles at the Nasa Goddard Space Flight Center. We should all write to him to get ideas for the space mission.

What else do we need to know about you?

I love my Grand Meowmie very much. I keep her from being lonely and I watch out the window at night and keep her safe. I love watching human space ships on tv. I am beautiful.
