Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.
*One time a monster disguised as balled-up socks was in the pile of laundry mom was folding, so, *proudly* I took care of THAT.*

What is the funniest thing that has ever happened to you?

I usually leave the funny stuff to my brothers. I am extremely dignified, elegant, and sophisticated.

Please share your adoption story

One day a person was driving down a road and saw something fall from the grasp of a large bird of prey. It was me (and one of my biological siblings)! We were real good wigglers so we could get away from that nasty mean birdie. They picked us up and luckily the animal shelter was right on that road, so they rushed us over there. The shelter said we were probably born just that day or the day before! A nice man took us home for bottle feeding. My sibling didn't make it (wah), but I did, so that is why I am a miracle kitten. When my momma read my story and saw my picture on the shelter page, she gasped and said, "I have GOT to meet this kitten!" I like her but she smooshes me too much.

What is your favourite thing to play with?

The keyboard cover on my mom's laptop, OR this one particular ribbon I love, OR a twistie

What kind of food do you like to eat?

The meats kind, of course, but also Cheerios. They are so great!

Do you like going for car rides?

It's growing on me.

What is your favourite cartoon character?

I'm not allowed to watch cartoons, they would rot my cute little brain.

If you drove a car, what make, model and colour would it be and why?

I would drive Barbie's pink car I think! But I would rather someone else drive and I get to relax and be pampered in the back of the limousine.

Do you have a theme song? What is it?

"You know that we are living in a cute kitten-cat world, and I am a cute kitten-cat girl..."

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I have three who died before I was adopted, and two adopted brothers. They are all cats. My brothers might apply, they are Opie and Fritz. They're ok, and I'm willing to cuddle with them sometimes, but Fritz can be a pest too. He wants to wrestle ALL THE TIME.

What is the name of your human sponsor or sponsors?

Momma

What type of position are you applying for? What special skills do you think we could use for our program?

I could write down all the things that happen to us in space, and it would be very neat and dainty, because I am dainty. Or I can be in charge of jettisoning any food crumbs, because I have a deep and abiding concern about predators being attracted by food crumbs.

What else do we need to know about you?

My mom and I argue a lot about whether I am a grown-up, sophisticated lady cat or a darling suckle baby. As long as nobody else sees me suckling on her hoodie strings, then I should be able to win!
