Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.  
*I make sure we are all very safe by hissing at anything that moves. This includes, but is not limited to: my sister Riska, my sister Hanna, Dr Jim and the female human, opening doors, closing doors, overhead lights, food dishes both empty and full, and cushions. Thanks to my efforts none of us have been eaten by a monster since I arrived.*

What is the funniest thing that has ever happened to you?

*I found a dark hole behind the bookcases and jumped in because even though I couldn't see the bottom, the hole was too small for monsters to hide in and therefore very very safe. The female human had to disassemble the shelves with a drill to get me out. It was so funny I did it again two weeks later.*

Please share your adoption story

*I came into TK in 2015 but I wasn't convinced it was safe so I went back to the Happy Forest. I came back in 2017 to try it out again and was able to confirm there are no monsters there. I was adopted in spring 2018 but they needed my safety assessment done very fast and I refuse to cut corners. Safety is no joke! I was fostered and adopted again in summer 2018 by Dr Jim and the female human and I am pleased to announce that there are no monsters here and it is SAFE.*

What is your favourite thing to play with?

*Dr Jim. He is more amusing than the average physicist. And safe.*

What kind of food do you like to eat?

*Anything that is delivered.*

Do you like going for car rides?

*It would be fine if car rides didn't always follow a carrier-related deception.*

What is your favourite cartoon character?

*Simon's Cat.*

If you drove a car, what make, model and colour would it be and why?

*Maybach. Chauffeured. The outside is irrelevant because I will only see it from the inside.*

Do you have a theme song? What is it?

*The Pink Panther theme.*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*I have cat sisters named Riska and Hanna. Riska is a daredevil and I do not approve of her lifestyle. Hanna let me move into her box and I will always be grateful to her for that.*

What is the name of your human sponsor or sponsors?

*Fi and Jim Evans*

What type of position are you applying for? What special skills do you think we could use for our program?

*I am a specialist in unseen dangers. I know that space is full of monsters without even going there.*

What else do we need to know about you?

*I am proficient in the ancient martial art of Mewdo and with a single punch can disable a human's hand for days.*

Signed:
