Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.

My human sews quilts...I am her thread manager and quality control expert. I expect to test out the comfort level on each and every one! Especially those that you can see my hairs on! My hairs are dark, so I have a preference for light colored ones!

What is the funniest thing that has ever happened to you?

I was being snoopy one day and I got locked in the cupboard where all of the towels are kept...after I messed those up, I hollered to be let out. I wasn't in there very long, but it took my human a long time to tidy up my towel swirls! I was just trying to get comfy!

Please share your adoption story

My first family gave me up and I found myself at the Edmonton Humane Society. It was kinda scary there with all of those smells and noises. One day this human came into my cat condo, looked me straight in the eye in my cat tree and decided she loved my green eyes and my beautiful stripes. I'm a brown tabby, so I'm pretty handsome. My human took me to my new home 7 years ago. I think I'll stay!

What is your favourite thing to play with?

I loves my pom poms, my felt eyeball and my ratties. My human gets me boxes of toys in the mail and I sometimes like them, but mostly go back to my favorites. I have LOTS and lots of toys! I have a pretty short attention span though and get bored easily! Then I sleep.

What kind of food do you like to eat?

I have a whole bunch of allergies so I get special (very expensive) gushy foods. I am so worth every penny! I also like a cookie here and there.

Do you like going for car rides?

I hate cars! A car trip usually means a visit to that place where there are lots of other animals, some of them are very sick. I like my Doctor but I hate the car ride. It makes me scared.

What is your favourite cartoon character?

Tweety Bird! Need I say more?

If you drove a car, what make, model and colour would it be and why?

Seeing as I don't like cars, I'm thinking that maybe a drone is the way to go! Good practice for the space program! I would like a nice big silver one that is super quiet!

Do you have a theme song? What is it?

Yup....it's Cool Cat by Queen - I am definitely a cool cat!

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

I don't have any sibs at my humans place. I just have a bunch of darn pigeons on my balcony! I'm always on PP (Pigeon Patrol). They mess up my place.

What is the name of your human sponsor or sponsors?

My Human's name is Heather.

What type of position are you applying for? What special skills do you think we could use for our program?

Seeing as I have experience as a quality control expert, I think I should be part of mission control. I'm a real detail dude.

What else do we need to know about you?

I'm a real charmer. I have my human wrapped around my little paws! I'm handsome, smart, and I specialize in sleep. I have a degree in sleep! Check out my picture.. 🐾 PS - my human has lots of good pictures of me, I very photogenic! I can send more! Just sayin'
