Please provide an example of one way you 'help' your human accomplish a task better than they could do it by themselves.  
*I am the alarm clock for my Mom. I gladly give her a paw to her face - sometimes 10 times before she opens her eyes! (She is lazy I think.) I have some anxiety, but it is my mission in life to make my older sister Lillian Margaret Sophia Oprah like me. How can she not like me? I look just like her except I have really short legs. I also wash my Mom and Dad's hair after showers, because whatever they use on their fur doesn't smell as nice as what I provide. I also do laundry. I fur it up really good.*

What is the funniest thing that has ever happened to you?

*My Dad thinks he has me trained. I clean up his hair after his showers, then he tells me to flop, so I do. Then he tells me to "look cute". Like there's any other way for me to look! But I pose. This makes his day, so I keep doing it. I am not trained!*

Please share your adoption story

*My furless brother Dillon adopted me from a "closet of cats" and brought me to his apartment so we could both go to college. Some flea friends (or 1000) moved in with us. He was not pleased, so he took me to our Mom. She loved me and won't let me go back with Dillon. I belong to her now. No wait, that's backwards. She belongs to me now!*

*Grey Fiat so I could reach the pedals.*

How many siblings do you have and what are they (i.e., other awesome kitties, dumb dogs, ugly snakes, etc.) What is your relationship like with them? If they are also applying to the Bitty Space Program, please include their name.

*I have one sibling - the elegant and majestic Lillian Margaret Sophia Oprah. She makes art with her barf. She is a crew member!*
